

BacPac Companion 15.4-17.3

Versatile travel backpack with trolley function

BacPac Companion offers first-class functionality and true elegance. The perfect 2 in 1 notebook backpack and travel trolley combination. Well cushioned shoulder straps, which can be concealed with a zip cover, can be used when required. The two-stage telescopic handle allows the backpack to be converted easily into a trolley and to be pulled along on its easy-running, replaceable wheels. Special protective covers for the wheels prevent clothing getting dirty whilst carrying the bag.

The practical interior assists travellers with high demands. In addition to a cushioned compartment for your notebook and a spacious storage area for clothes such as a suit, shoes etc., the trolley backpack offers additional space for your mobile office. The robust and water-repellent outer material makes it exceptionally tear-resistant and resilient.
